

Attn.: NSSA Grant Applicants

These are the forms you need to fill out and return in order to have your program considered for NSSA grant funding. This is a reimbursement program; i.e.- if you are awarded grant money, you will be reimbursed for approved expenses from your program up to the total amount awarded provided a summary and receipts are submitted.

General Instructions:

Be as complete and descriptive as possible. Include how your program will generate added interest in show skiing; how it will generate new members; how it will improve safety; etc.

Certain types of expenses are ineligible for reimbursement. For example; Equipment, Site improvements, USA Water Ski sanction fees as well as membership fees and professional fees are all ineligible.

Expenses that are eligible include; clinic instructors travel, hotel, and meal costs, boat gas, tournament officials costs, advertising, etc..

Thank you for your interest in NSSA.

Kurt Bemman

NSSA Grants Committee Chair

USA Water Ski
Member United States Olympic Committee

NSSA GRANTS PROGRAM

General Award Determination Rules & Considerations

Requests will only be accepted from current active USA Water Ski / NSSA affiliated teams or individuals.

All timely requests will be considered.

Maximum of \$1000 per grant request.

No one region shall be awarded greater than 34 % of the total funds available.

Partial awards may be granted (total awarded may be less than total requested)

Regions with the least number of representation at the prior year's Nationals will be considered a priority.

Grants will be awarded based on analysis of the cost/benefit of the program.

The committee is comprised of one chair and 6 members all from different regions so that all 7 regions are represented.

Applicants/regions may be denied due to problems with prior year's awards (such as late receipts or failure of the program to meet its expectations)

The general purpose of the NSSA Grants Program is to further promote our sport discipline and provide additional funding support for activities that will generate additional exposure and training in new markets. It is also intended to provide opportunities for qualified instruction in developing areas and regions. Adding memberships to current teams, retaining members, developing new clubs, and new tournament competitions are all possible goals of this program. Others include junior development, judges training, safety seminars, clinics and symposiums.

Contact information MUST be included on the Grant request, including e-mail address for the contact person.

The pay out of the Grant monies will occur only upon the receiving the receipts for the event.

No receipts accepted after November 1st.

Requests submitted after April 1st, should have all receipts submitted with it.
